

I am a firefighter and a father. I enjoy waking up and listening to K-LOVE because it is a radio station where I don't have to hear music based on sex, drugs, or depression. K-LOVE has a positive impact on its listeners.

It would be a disservice to radio if K-LOVE were to be displaced by an LPFM broadcaster providing other programming.

Please continue to play K-LOVE because, so many people enjoy having the option to an encouraging station.
